

Suggestions & Questions from Our Library Users

August 2019

Service-related comments

1. To offer writing tutors especially during the summer months due to colleges not being open as well having their summer hours.

Thank you for your suggestion. Although we have many tutors who meet here, they are not sponsored or hired by the library. If you are a Warren Newport Public Library cardholder, we do have an online service called Tutor.com that may be helpful. Find the link from our website at www.wnpl.info, then follow the main menu bar path Discover>Learning>Tutor.com. You can choose to connect with a live tutor about a specific question, or visit the 'Write a Paper' section for more specific help.

Computer-related comments

1. Adult computers should be in more study carrol fashion more privacy for patron. Many librerries hear do this.

Thank you for the feedback. There are a variety of reasons for the configuration of our patron computers, including proximity to electrical outlets and staff. We very recently upgraded our patron computers which resulted in more distance between each computer and more privacy. If you prefer, you can borrow a laptop from the Adult Services desk to use in other areas of the library. Please don't hesitate to ask staff for more details.

Thank you for taking the time to help us improve our service to you. If suggested a title for purchase, we have passed it along to staff members who order materials.

Ryan Livergood, Executive Director
