Good evening,

As you will recall, the new per capita grant requirements require that Board review *Serving Our Public 4.0: Standards for Illinois Public Libraries* prior to the submission of the grant application by March 15, 2021. This month, we will be reviewing and discussing Chapters 5 through 8. You will find these chapters starting on page 11 of the attached PDF. At the February Committee of the Whole, we will finish reviewing and discussing the remaining five chapters.

Thanks,
Ryan
