Good morning,

I am proposing the Board adopt this ordinance in order for us to have a tool encourage staff to stay at home if they are sick or are forced to stay at home if someone in their household comes down with COVID-19. I don't want someone's personal finances impacting someone's decision on whether to stay home or not.

As you have probably seen reported in the media, several organizations, such as Starbuck's and Wal-Mart, are also taking such actions to compensate their employees. In addition, several libraries are as well, including Cook Memorial and Indians Trails to date.

Thanks,
Ryan
