Good evening,

Attached is the latest draft of the WNPL Pandemic Response Procedures. While the Board hasn't officially approved this set of procedures, due to the COVID-19 pandemic, we are proactively following them now. As Jo shared with the Board late this afternoon, we have already taken steps to cancel/postpone our programs and limit some of our services in an effort encourage social distancing. [Click here for an overview](#). Staff have doubled their own efforts in sanitizing frequently touch services and I am working with our new cleaning service to increase our preventative cleaning efforts.

If you'd like to discuss this with me prior to next Tuesday, please don't hesitate to give me a call or send me an e-mail.

Thanks,
Ryan
