Good afternoon,

This summer, the Village is once again willing to work with us to help us finish our parking lot project. This is the final phase of the project and is anticipated to cost us around \$75,000 next fiscal year. As you will recall, this agreement is a total win for us because it allows us to both save money by being a small part of the Village's road improvement project bid, in addition to us gaining the expertise of the Village during the project. The Intergovernmental Agreement that allows us to move forward with the Village to complete this project is attached.

Thanks,
Ryan

"Congratulations on the new library, because it isn't just a library. It is a space ship that will take you to the farthest reaches of the Universe, a time machine that will take you to the far past and the far future, a teacher that knows more than any human being, a friend that will amuse you and console you---and most of all, a gateway, to a better and happier and more useful life."
