Good afternoon,

Attached is Policy 2040 Wage Scale as the Board discussed at the June CoW. To recap: we haven't revised the lower end of the wage scale for nine years, and based on the latest information we have from Management Association our starting salaries are not where they should be, especially among Grade 3 and 4 positions. Thus, are proposing bumping up the beginning of the wage scale 3%, in addition to increasing the top of the scale 2%. These changes are reflected in the final proposed FY 2017-18 budget.

Thanks,
Ryan
