Good morning,

We are required to complete and submit the Illinois Public Library Annual Report (IPLAR). I will ask the Board to approve our IPLAR at the August 21 regular meeting so we can submit it before September 1.

One of the IPLAR requirements is auditing our minutes from July 2017 to June 2018. This audit could be done after next Tuesday's meeting is over (as was done last year). Or, it can happen on a different date prior to August 21. Historically this process has taken no longer than 10 minutes. Either two trustees will volunteer to do the audit or Jo will appoint two trustees. No motion is required.

Thanks,
Ryan
