Good morning,

As of the application deadline for the vacancy on the Board, we have received one formal application. While it would have been nice to have more interest in the position, at least on paper, the candidate we have is excellent. The Board can discuss the selection of a person to fill the vacancy in further detail in Executive Session. I will include a confidential envelope in your packet with the Trustee Application. In the meantime, please feel free to contact me directly with any specific questions.

Also, while the Board discussed the event on Saturday for the Celebration Square Phase 2 Dedication as an opportunity to talk to prospective candidates, I am not sure if the applicant will be in attendance. However, we have still posted it as a Board gathering and I hope you can attend at 1:30 p.m. Perhaps someone in attendance will have interest in running for the Board in 2021.

Thanks,
Ryan
